Mobile, Alabama, Visited by a
Destructive Fire.

OVER HALF A MILLION LOSS.

The Cotton and Shipping District
Destroyed by Fire. Steamers and Other
Small Vessels in the Fire Department
Quarantine.

Mobile, Ala., Oct. 26.—A fire began about 10 o'clock yesterday afternoon and spread rapidly through the cotton bales and other goods in the warehouse. The fire was so intense that it was impossible to get near the burning building. The fire department was called out, but the fire was too large to be controlled. The fire burned for several hours and destroyed a large portion of the warehouse. The loss is estimated at over half a million dollars.

WASHINGTON, Oct. 27.—Advices received by the marine hospital bureau from the United States consul at Nagasaki, Japan, report 1,000 new cases of cholera during the period from Aug. 15 to Sept. 11. From the first outbreak of the epidemic till Sept. 11, there have been 4,288 cases and 2,031 deaths.

Advices received at the bureau from the United States consul at St. Helena reports the appearance of cholera at Meskene and Aleppo.

Advices from Spain state that the cholera epidemic continues, but its progress in Barcelona is not officially confirmed.

Reports from Abyssinia say that the epidemic is intense in the localities occupied by Italian troops, and at places with about sixty deaths occur daily from the disease.

Reports from Russia state the actual presence of cholera is not reported, but some cities in the south are suspected but nothing definite is known.

The report from Italy states that according to information received from private sources many fatal cases of cholera have occurred in Venice. The Italian government has deferred the return of troops from the Red Sea colony.

Reports from France state that the sanitary condition is very satisfactory and no cases of cholera have been reported.

Advices from Constantinople say that the late cholera reports are very unfavorable, and show that the epidemic is increasing in extent and intensity. The appearance of the disease at Aleppo, where it was imported from Meskene, is very serious. On Sept. 11 and 12 nine deaths were reported out of fifteen cases.

A SUDDEN LEAVE.

Sup't Miller of the Prospect Schools Leaves for Paris Unknown.

The live village of Prospect is having a small sized sensation in the sudden departure of J. S. Miller, the popular superintendent of the public schools at that place. Sup't Miller drew his monthly stipend Saturday and left the city for other parts, giving no current information as to his future intentions. A telephone message from Prospect attributes his peculiar course to domestic troubles, there being evidences that Mr. Miller's home was anything but a pleasant one. He came to Prospect over two years ago but during his residence there, until last spring, had not resided with his wife—with whom he had once parted. Last spring Mrs. Miller came to Prospect and their home was reunited, but not happily so. A good deal of trouble seems to have occurred of late and the school superintendent took the strange course of leaving to avoid them. It seems very strange that he should not have notified the board of education, which is now without a superintendent. The High school there is dismissed temporarily. Prospect people very deeply regret Mr. Miller's departure. He was much liked there. A letter left for one of his friends gives some explanation of the trouble, but its contents were not known to the Star's informant. Mrs. Miller has also left Prospect, very anxious to find her husband's whereabouts.

JOHN COOK, INSANE.

A Former Teamster Sent to the Asylum While Visiting at Washington C. H.

John Cook, a pretty generally known teamster who was a fixture in that position with the Huber works, has lost his reason and was sent to the Columbus asylum some two weeks ago. Cook was sent to Columbus from Washington C. H., whither he had gone on an extended visit. His health had become impaired and he could not work, so his household goods were stored and Mr. Cook and family left Marion to spend the fall season among relatives. Prior to his leaving his mind was thought to be affected, but it was not regarded as seriously so. At Washington C. H., however, his condition became dangerous. He is said to have attempted to choke his wife to death and also made a break to drown himself in the river. Such violent actions led to an early inquest and his removal to the asylum. Mr. Cook's trouble seems to date about a year back when he was struck by a train and considerably hurt. He apparently recovered from his injuries, but he complained of an annoying and unaccountable pain in the head. That evidently is the source of his insanity. Cook's case is to be regretted. He was a conscientious, hard working fellow who deserves a better fate.

The Greatest Strike.

Among the great strikes that Dr. Miles is discovering his New Heart Cure has proven itself to be one of the most important. The demand for it has become almost insatiable. Already the treatment of heart disease is being revolutionized, and many unexpected cures effected. It soon relieves short breath, fluttering, pains in side, arm, shoulder, weak and hungry spells, oppression, swelling of ankles, smothering and heart distress. Dr. Miles' New Heart Cure is a new discovery. The unequalled New Heart Cure is sold and guaranteed by Denison & Co. and Hoberman & Co. also his Restorative Nervine for headache, dizziness, hot flashes, nervous chills, again habit, etc.

The Forgotten Tinkles.

"Tinkles, Tinkles, Let me see." "Oh, you don't remember him. He was the fellow who lent you some money."—New York Sun.

Eppes.

This is what you ought to have, in fact, you must have it, to fully enjoy life. Thousands are searching for it daily, and mourning because they find it not. Thousands upon thousands of dollars are spent in vain, in the hope that they may attain this boon. And yet it may be had by all. We guarantee that Electric Bitters, if used according to directions and be used persistently, will bring you good digestion and rest, the demon dyspepsia and its attendant ills. We have named Electric Bitters for dyspepsia and all diseases of liver, stomach and kidneys. Sold at 50c and \$1.00 per bottle at Flocken's drug store.

A Repetition.

My last dose of the past is broken. The time the warm, free air again. I've seen my face and throat's been. Snapped for the links that neck the chain. The chain of years that held me fast. And I'm glad to be free. That's what I want, a part of life. You are well now, I don't know. Six warm, young, new, and partied. I don't know, I don't know. I was not over tickle hearted. Yet I liked the long day. "Loved to see you," I said to you. And I don't know, I don't know. You spoke the same was in my face. A good, a good, a good. Farewell to my last, my last.

Endorsement of a Leading Physician.

"I have used Doan's Backache Kidney Pills extensively as a cathartic and purgative, and find it a most reliable preparation. When there are no other means at hand, I always resort to it. It is a most reliable preparation. I have used it for the best preparation I know of a good diaphoretic or sweat producer."

Supply and Demand.

Theatre Patron its ticket speculators. No ticket left in the box office. What's your charge to night? Speculator—Three dollars. Patron—I want two. Speculator—Two? Got a lady with you? Patron—Yes. Speculator—Wife or sister? Patron—No, a young lady. Speculator—Here's the tickets. Eight dollars.—New York Weekly.

Miles' Nerve and Liver Pills.

Act on a new principle—regulating the circulation of blood, through the nerves. A new discovery. Dr. Miles' Nerve and Liver Pills, bad taste, torpid liver, piles, constipation. Unqualified for men, women, children. Smallest, mildest, safest. Fifty doses, 25 cents. Sample free, at Denison & Co., and Hoberman & Co.

Why He Once Satisfaction.

Miss Gable on the way home from the party—There was some very new singing to-night, wasn't there? I think you gave great satisfaction.

Mr. Felt—But, I didn't sing! "Exactly"—The Lawrence American.

She Doesn't Expect So Much. Dodd—And you always use the letter paper when you write to your sweetheart?

Flood—Yes. It's a common way of reminding her that I have to earn my living.—Boston Transcript.

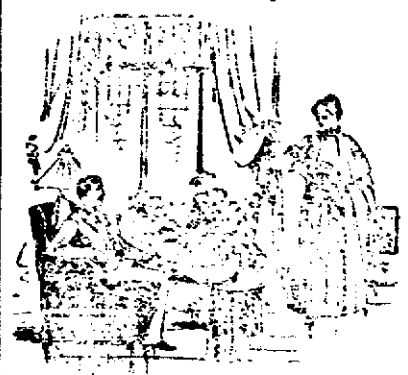

The Hygiene of Doughnuts. In a Boston School—Teachers' Hygiene experts say that there is nothing healthy about a doughnut.

Bright Eyes—Isn't the kid healthy?—New York Tribune.

Free from Adulteration. Guest at country hotel—Good heavens, waiter, isn't a fish in my milk?

Water—Well, if that damned cow ain't been in swimmin' again!—American Grocer.

A Reasonable Request.

Sick Husband—My dear, this room is very warm.

Wife (testing the register)—There's no heat coming from the register.

Sick Husband (impatiently)—Well, see if the dampers are all right at once. Do you want a man to stay here and freeze to death?—Harper's Bazar.

Pronounced Hopeless, Yet Saved.

From a letter written by Mrs. Ada E. Hurd, of Groton, S. D., we quote: "Was taken with a bad cold, which settled on my lungs, cough set in and finally terminated in consumption. Four doctors gave me up saying I could live but a short time. I gave myself up to my Savior, determined that I could not stay with my friends on earth. I would meet my absent ones above. My husband was advised to get Dr. King's New Discovery for Consumption, Coughs and Colds. I gave it a trial, took in all eight bottles. It has cured me and thank God I am now a well and hearty woman." Trial bottles free at Flocken's drugstore, regular size, 50c and \$1.00.

Don't See the Elevation.

"Come, Jack, jump it. Show him what we can do."

Jack shows him—Life.
